Please consider sponsoring one of our village children to go to school. The $100 annual cost pays for a new uniform (compulsory to attend school), school supplies including text books, and tuition. All schools in Haiti are tuition based, which put our children living in the mountains at a disadvantage. Their parents are subsistence farmers who grow food for their families and sell the extra at the market place. The annual income for a family of eight living in the mountains is less than $500 US annually. They cannot pay tuition for all their children to attend school. You have the power of choice to forever change the life of one of our Haitian kids. Please give this some consideration. Here are a few of the numerous children who could use your help. A photo and a short biography of the child will be sent to each sponsor. Should you chose to sponsor a child it would be great to send a photo of yourself and /or family that we might bring to the child.

Primary school: Grades K – 5 **Secondary school: 6 – 13**

Less than 20% of the children who complete primary school go to secondary school. Tuition for a secondary student is $250 and cost prohibitive to families. There is no secondary school in our area of the mountains. In order for a youngster to attend grades 6 – 13 they must live in the city of Cabaret, rent a room with other students, buy food and well pay a higher tuition.

Please cut and forward the information below if you choose to sponsor a child for the 2014 -2015 academic school year, All information should be printed. Make checks payable to: Haiti Plunge / SP or use the online paypal option at www.thehaitiplunge.org
